FEAR FOR AMERICANS

Missionaries' Lives Imperiled in Asia-Minor.

SCHOOL AT TARSUS ATTACKED.

Pupils Maltreated and Threats Made Against the Life of Rev. Mr. Christie, Director of the College—Our Minister to Turkey Has Made a Protest to the Porte.

CONSTANTINOPLE, Aug. 16.—Anxiety prevails here for the American missionaries at Marsovan, a small town 24 miles northwest of Amasia, in the valley of Sivas, Asia-Minor, on account of the Armenian campaign against those of their compatriots who are suspected of being spies. An Armenian priest, suspected of spying, was recently murdered at Soutari, just opposite Constantinople, by the incensed Armenians as a result of which many Armenians in Soutari and other suburbs of Constantinople have been imprisoned.

Thirteen pupils of the American college having been expelled last year because their fathers were suspected of being mixed in the Armenian movement, suspicion has fallen on the college, and among the list of persons condemned by the Armenian committee are five professors of the college, two being Americans. The governor is doing his utmost to investigate the matter and to prevent an outbreak of disorders.

Details have been received of the attack upon the American missionaries' school at Tarsus and the maltreatment of pupils and threats made against the missionaries, which was mentioned in a cable dispatch to the Associated Press on Aug. 9. It is learned that about 20 Mussulmans attacked and beat a servant of the Rev. Mr. Christie, director of the college at Tarsus, and some of his pupils at Namroun, a summer school near Tarsus, on the night of Thursday, Aug. 1; also threatened to kill Mr. Christie.

Hon. A. W. Terrill, United States minister to Turkey, made a protest to the porte, and there was no delay in assuring him that there would be a prompt inquiry into the matter and punishment of the guilty.

THREATS OF LYNCHING.

Two Young Men Get Into a Dispute and One Goes a Gun.

VALPARAISO, Ind., Aug. 16.—Great excitement prevails at Chesterton, a village north of this city. Will Tratedas, 20 years old, and Lon Powers, 21, became involved in a dispute yesterday, and Powers used a revolver, shooting Tratedas twice, killing him instantly. Tratedas was a prominent young man, while Powers bears an ugly reputation. A telephone message just received from Chesterton says that a large crowd has congregated around the building where Powers is confined under arrest, and that threats of lynching are heard. The officers have gone to that point.

Timely Discovery of an Obstruction.

LOGANSPOUT, Ind., Aug. 16.—A trainload of excursionists, bound for the summer resorts of St. Joseph and Lake Maxinkuckee, would have been dithered near Marmont had it not been for the timely discovery of a tie upon the track. The spot where the tie was spiked was in the shadow of the large ice houses near the lake. It would hardly have been seen there by the engineer, but a party of belated picnickers discovered it and attempted to remove it when set upon by a gang of tramps and driven away. The station agent was then notified and had the obstruction removed.

Four Men Badly Injured.

SEYMOUR, Ind., Aug. 16.—Four men were severely injured yesterday by being carried down with a falling scaffold on the Strass block on Chestnut street. They are: John Humes, contractor, leg mangled and back injured; Henry Barkman, workman, injured in back and on head; Andy Heyob, workman, cut on head, also injured internally, and Captain Joseph Balsley, hip mangled and hurt internally. Balsley is the architect of the building and mayor of the city.

Father Shoots His Own Son.

CHICAGO, Aug. 16.—Jacob Schlessler, a well-to-do grocer, shot and instantly killed his son, John, last night. The two men had been quarreling over a horse which the younger man claimed his father had been driving too hard. During the argument the father drew a revolver which he claims was accidentally discharged. The father was locked up charged with murder. Both the Schlesslers have always borne the best of reputations.

Killed Her Husband and Herself.

EVANSVILLE, Ind., Aug. 16.—The town was horrified last night with the intelligence that Mrs. William Browning had killed her husband and then herself. The couple had been quarreling and Mrs. Browning ended the misunderstanding by procuring a pistol and shooting her husband. He died instantly and then she killed herself. It is stated that she committed the deeds while in intense passion.

COLUMBUS, O., Aug. 16.—James & Clack, contractors for the erection of manufacturing works for Rarig & Company, assigned Wednesday to W. K. Williams. Assets \$175,000; liabilities \$96,000. The works will proceed.

Alleged Horse-thieves Arrested.

ENGLISH, Ind., Aug. 16.—Frank Taylor and James Hughes were arrested at Dale, Warrick county, and brought here upon the charge of stealing horses at Taswell last week.

SURROUNDED IN MYSTERY.

An Illinois Village Excited Over What Seems to Be a Double Murder.

MOLINE, Ills., Aug. 16.—What seems to be a double murder has thrown the little village of Cordova, 20 miles up the river, into a fever of excitement. Sunday a boatman on the river discovered the body of a colored woman, and towed it ashore. She was apparently 28 years old, and was thought to be a cook or chambermaid on one of the river boats. Nothing was found on her person to reveal her identity barring a spoon, excepting a photograph of a colored man recognized as Charles Jones, cook of the steamer Sidney. The steamer's officers reported a chambermaid missing. Later a farmer's wife near Cordova recognized the body as that of a woman who had previously called in company with a colored man and infant, and had been given food, and also identified the spoon as one she had given the child at the same time.

Tuesday night a bundle of child's clothing was found partly buried in the sand near the place where the woman's body was discovered. Shortly after a mound of sand was opened and five inches below the surface was found the body of a male child (colored) 18 months old, head crushed and arm and leg broken, apparently stamped to death in the sand and hastily buried. A colored man, supposed to be the one seen with the woman, bought a ticket at Cordova for Chicago. He displayed several \$20 gold pieces. Detectives are doing everything possible to solve the mystery.

IRISHMEN ARMING.

Physical Force to Be Used in Ireland's Cause if Necessary.

PITTSBURG, Aug. 16.—Five thousand Irishmen, representing the United Irish societies of western Pennsylvania, met at Phoenix park last night and passed a set of resolutions advocating physical force in Ireland's cause.

Mayor Bernard McKenna of Pittsburgh presided. Dr. Paul M. Sheedy introduced the resolutions. They advocated the formation of a secret service corps in the form of organized revolutionists. The convention called for Sept. 24, in Chicago, was condemned on the ground that it was only intended to advance the political interests of its originators.

The resolutions close with the statement that as there are prospects of an European war, all Irishmen should organize and arm themselves, so that in any emergency that may arise they will be able to strike a blow against their hereditary enemy.

STRUGGLE STILL ON.

Eight Hundred West Virginia Miners Go Out and Others May Follow.

CHARLESTON, W. Va., Aug. 16.—All the miners on Loup creek, with the exception of those at Glenjean, have finally gone on a strike. About 800 are out. Those employed at Glenjean, about 200 in number, refused to quit and nearly an equal number at Macdonald will go in again unless the Glenjean men quit.

New river operators have notified their men that they must submit to a reduction from 40 cents to 30 cents for mining if the Loup creek strike is unsuccessful.

Loup creek operators pay higher wages than the New river, but the coal of the former can be mined much more cheaply and has been supplanting the latter in the market.

Rain Helps the Kansas Corn Crop.

KANSAS CITY, Aug. 16.—Heavy rainstorms prevailed over eastern and central Kansas Wednesday night and yesterday. Altogether an average of from four to six inches of water has fallen in those sections within the past week. Corn is in splendid condition, and with the exception of a narrow strip across the county north and south the corn crop will even exceed the enormous estimates heretofore made. Hundreds of acres of corn were planted on wheat ground about the 1st of July for fodder and the farmers are now expecting to gather a good crop from it.

Terrific Storm in Tennessee.

CHATTANOOGA, Aug. 16.—One of the most terrific storms that ever visited this section passed over Chickamauga National park yesterday afternoon and did immense damage. The wind blew a gale and tore up hundreds of the finest and largest trees in the park. Correlts of rain accompanied the wind, followed by a furious hailstorm, after which it turned bitterly cold. Many pleasure parties were driving in the park, and as but few found shelter the ladies in airy summer costumes suffered great discomfort before they could get back to town.

Prize Fight in Memphis.

MEMPHIS, Aug. 16.—At the Grand Opera House last night, Billy O'Donnell of Memphis defeated Oscar Gardner, the "Omaha Kid," in the 18th round of a lively and interesting fight. Both of the little men were decidedly clever, but O'Donnell outgeneraled the Omaha man, acting on the defensive until the 15th round, when he commenced forcing the fight, finishing his man by a well-planted blow on the jaw.

Death of a Noted Artist.

PHILADELPHIA, Aug. 16.—P. F. Rothemlar, the artist, died at his home in Linfield, Pa., last night, aged 83. He was one of the best known of American painters and was a member of the academy of fine arts. His works were mostly historical, the best known being the "Battle of Gettysburg," which hung in Memorial hall for many years, and is now in the state capitol at Harrisburg.

NOBLESVILLE, Ind., Aug. 16.—William Burk, 35 years old, committed suicide here by taking morphine. Dependence was the cause.

REAR-END COLLISION

One Person Killed and a Score of Others Injured.

BODY BURNED IN THE RUINS.

The Disaster Occurred at Camden, New Jersey, on the Camden and Atlantic Railroad—The Atlantic City Accommodation Train Crashes Into an Excursion Train—Names of the Victims.

CAMDEN, N. J., Aug. 16.—One person was killed and a score of others injured in a rear-end collision on the Camden and Atlantic railroad in this city last night. The Atlantic City accommodation train which left the shore at 5 o'clock crashed into the rear of an excursion train from Lakeside at Liberty Park station.

Marshall Johnson, the 6-year-old son of Rev. Marshall Johnson, pastor of the African Union Methodist Episcopal church of this city was burned to death and the following are the more seriously injured:

Maggie Cannon, 14 years old, Camden.

Daisy Nahen, 9 years old, Philadelphia.

John Wilson, 40 years old, Camden.

Lucy Buckman, 25 years old, West Philadelphia.

Matilda Quash, Garret's Ford, Pa.

Carrie Quash, 20 years old, Garret's Ford, Pa.

Mrs. Marshall Johnson, wife of the pastor.

Mrs. Lizzie Watts, Camden.

Mrs. Mary Jane Groves, West Philadelphia.

James Groves, West Philadelphia.

The rear car of the excursion train caught fire and was completely burned. The train was the first section of 15 cars, having on board the parents and scholars of 14 colored Sabbath schools from Camden, Philadelphia and several counties in Pennsylvania.

The headlight of the Atlantic City train was seen as it rounded the curve and a panic ensued. A rush was made for the doors and windows, and children were thrown from the car to the platform, while others jumped from the windows. Responsibility for the wreck is not fixed.

PASSENGER TRAIN WRECKED.

A Number of People May Have Been Killed, but Details Are Unobtainable.

PINE BLUFF, Ark., Aug. 16.—News has just reached here of the wreck of passenger train No. 4, northbound, on the Cotton Belt road. As usual, the railroad people are mum on the subject, and but meager details are obtainable. The wreck was caused by an open switch at Stamps, Ark., 31 miles north of Texarkana. The engine and baggage-car were ditched.

It is known that Engineer Eighme and Fireman Dean were severely injured, possibly fatally. From the fact that the Pullman conductor was also injured, it is quite likely that the entire train was derailed. The switch was doubtless left open by the switchmen on the freight which left, going south, before the passenger train arrived.

EMMETT DIVERS LYNCHED.

A Mob Takes Him From the Sheriff and Hangs Him.

ST. LOUIS, Aug. 16.—Emmett Divers, the negro who outraged and then killed Mrs. Cain, near Fulton, Mo., a couple of weeks ago, and who was brought here for safekeeping, was taken from the sheriff at Fulton, about 1 o'clock yesterday morning, by a mob and hanged to a railroad bridge.

Divers was taken from here Wednesday noon by Deputy Sheriff Buchanan of Calloway county and arrived at Fulton some time after midnight. Sheriff Buchanan left the train with his prisoner some distance from Fulton and was proceeding with him in a carriage when he was intercepted by a mob of more than a hundred men, who forcibly took the negro and hanged him from a bridge.

The body was left hanging all forenoon. About noon 1,000 men from all parts of the county gathered at the bridge where Divers was hanged, cut his body down and marched with it to Fulton where it was suspended to a telegraph pole as a public spectacle, and a warning to all evil-doers. This demonstration was made at the special request of J. W. Cain, the husband of the murdered and ravished woman.

The body was permitted to hang all afternoon until late last night. Then it was cut down and taken to a little house, where Cain and his wife lived, the whole premises saturated with oil, and the remains of the negro and all the effects of the building were destroyed by fire.

Prices on Wheels.

INDIANAPOLIS, Aug. 16.—The directors of the Commercial Wheel company at a meeting held here yesterday established prices, at least nominally, for the next season's trade. The prices are about the same as they were last season. It is believed that another advance will soon be made. The Commercial company includes all the wheel factories west of Pittsburgh.

Milling Plant Burned.

VEEDERSVILLE, Ind., Aug. 16.—The plant of the Ajax Milling company, owned by M. S. Hney & Company of Indianapolis, burned yesterday at this place. The plant was valued at \$3,000, and was entirely consumed. It is understood that the insurance had just expired. The mill will not be rebuilt. It was a branch of several concerns owned by Hney & Company.

CORBETT MARRIED AGAIN.

Jessie Taylor, Better Known as Vera Stanwood, Is the Bride.

ASBURY PARK, N. J., Aug. 16.—There was a quiet civil marriage here yesterday, of which the principals were Champion James J. Corbett and Jessie Taylor of Omaha, better known as Vera Stanwood, the name under which she figured as co-respondent in the recent suit for the divorce which was granted to Mrs. Corbett. So quietly had Corbett's intentions been kept that not even his manager and traveling companion, William A. Brady, knew that he intended matrimony so soon. Nor were any of his other friends in sporting circles apprised of the event.

Justice of the Peace John A. Borden entered the Corbett cottage at noon, for the Catholic church, of which Corbett is a communicant, does not sanction the marriage rite for a divorced person. He found waiting in the parlor B. R. Wortman, a real estate man of Asbury Park; P. J. Buckalow of Jersey City, paymaster of the Consolidated Traction company; Joseph Corbett, the brother of the pugilist, who assisted him in a recent restaurant unpleasantness with Mr. Fitzsimmons; Alice Brown, the colored cook, and two newspaper men.

A slight mistake delayed the wedding, for some official had handed out a birth certificate instead of the required marriage certificate. Mr. Buckalow was dispatched down town and returned soon with the necessary paper.

When the couple entered the parlor together Corbett wore a black cutaway coat and light trousers; his fiancée a lavender silk costume trimmed with lace, a pompadour corsage and a delicate blue ribbon around her neck.

After Justice Borden had pronounced them man and wife Corbett threw his arms around his wife's neck and kissed her heartily two or three times. Congratulations followed. The couple left an hour afterward and colored Alice threw rice after them. They took a train for Buffalo and Niagara Falls, where they will stay for 10 days, after which Corbett will return and begin training for his match with Fitzsimmons.

It would have been illegal for the pair to marry in New York for the decree of divorce made in that state barred the pugilist from remarrying in the lifetime of his first wife. Legal authorities say that they would not be recognized by the law as man and wife while living in New York. In the marriage certificate the residence of both parties is given as Asbury Park.

Fulfilled Her Husband's Wishes.

NEW YORK, Aug. 16.—Just before sailing for Europe Mrs. D. Kallias Bey, formerly Mr. P. T. Barnum gave, the following explanation of her marriage to the Grecian general whose name she now bears: "Before Mr. Barnum died," she said, "he told me that were I to meet one whom I loved he wished me to marry him. I promised to do so. I met Mr. Kallias and we were married. Since then I have received the congratulations of Mr. Barnum's children and of many close friends of his."

Runaway Accident.

KALAMAZOO, Mich., Aug. 16.—Mary C. Korstange, 22 years of age, was killed, and her betrothed, Jacob Westover, was badly bruised in a runaway accident here yesterday evening. Miss Jennie Westover and John Eblink, who were also in the buggy, were thrown out and bruised. The horses became frightened at some unknown object and started to run. The wheels of the carriage became caught between streetcar tracks and the pavement, upsetting. Miss Korstange's skull was fractured, and she died instantly.

Will Soon Be Decided.

CHICAGO, Aug. 16.—Harlem track officials won a temporary victory over the Civic Federation yesterday, and on an order from Judge Gibbons the injunction restraining them from allowing gambling on the track has been set aside for the time. A full hearing of the case has been set for Monday next, and at the time it is expected a decision will be rendered which will settle the controversy and incidentally the fate of the Harlem track, so far as continuous racing for the rest of the summer is concerned.

Attempted to Kill Her Children.

WASHINGTON, Aug. 16.—Mrs. Eleanor Bitting, who lives on the Foxhall road above Georgetown, with a family of seven children, attempted to take their lives last night by strangling them. She had choked two of them severely before their cries attracted the attention of neighbors, who rescued the children from their mother. The woman lost her husband Monday, and her mind has become impaired by her troubles.

Souvenirs For the Indians.

ARMOUR, S. D., Aug. 16.—Yesterday at the Yankton Indian agency Agent Smith distributed \$20 gold pieces, struck off for the occasion as souvenirs of the signing of the treaty ceding the lands to the United States, which recently went into effect. About 450 Indians received the souvenirs. This is the last payment to be made this tribe for 20 years, when \$500,000 will be due them. They are now full-fledged citizens.

Cranks Trying to Cause Trouble.

OMAHA, Aug. 16.—A special to The Bee from Chadron, Neb., says: Edward Clegg and Coleman Nockolds, the two Englishmen arrested Wednesday for riding bicycles on the sidewalks, were put on the rack yesterday and finally paid their fines. They employed a lawyer and at once petitioned the agent of their government at Washington to demand proper redress from the federal government.

BATTLE NEAR COLON

Insurgents Attack a Band of Spanish Guerillas.

A VICTORY FOR THE FORMER.

Eighty-Five Spaniards Killed, While the Insurgents' Loss Was Seven Killed and Thirty-Two Wounded—Several Other Skirmishes—Official Dispatches Sent Out From Havana Under a Censorship.

TAMPA, Fla., Aug. 16.—Passengers from Cuba report that on last Wednesday an insurgent band under Matagas encountered a band of Spanish guerillas near Colon. Eighty-five of the latter were killed, while the insurgent loss was seven killed and 32 wounded.

Eulogio Lobalto has appeared near Coodrilos with a band of 250, all well armed with Winchesters and machetes.

Last Sunday the train bearing a large detachment of Havana volunteers to Santa Clara district was destroyed by dynamite at Bolondron railway bridge. Very few volunteers escaped death. The explosion was terrific.

Campos has ordered troops to dress in blue checked goods to distinguish themselves from insurgents, it having been discovered that the Spaniards occasionally kill one another through mistake.

Hospitals are being constructed wherever Spanish troops are stationed, to care for yellow fever and wounded patients.

The trial of Juan Gualberto Gomez occurred Monday. He defended himself and was sentenced to 12 years' imprisonment at Ceuta, the Spanish prison in northern Africa.

Lopez Coloma, the Matanzas chief, who was followed to the field by his affianced, received the same sentence.

Ignacio Lazaga, Agapit Echevarria, Pedro Millamie and Eladio Arjoa, charged as being custodians of insurgents' arms and ammunition, were sentenced to 20 years.

On the 5th inst., at Monte Gordo, the insurgent and Spanish forces, each numbering 200, had an encounter. The Spanish loss was nine dead and about 40 wounded; Cuban loss four dead and 80 wounded.

The revenue cutter Forward, with headquarters at Pensacola, and the cutter Morrill, with temporary headquarters at Cedar Keys, arrived at Port Tampa Wednesday night. The Forward has been to Kew West to secure a small steam launch for the purpose of navigating the small lagoons searching for smugglers and filibusters. The Forward left yesterday evening for Pensacola. The Morrill has also left for Anclote Key, where smugglers generally congregate on Sunday.

CENSORSHIP NEWS.

Official Reports as Received by the Government Authorities in Havana.

HAVANA, Aug. 16.—According to official reports information which has been received by the government authorities here shows that a serious dissension exists among the insurgent leaders. This is said to be due to the fact that some of them are not willing to destroy by burning or other means, the property of planters and others. In this connection, according to the government information, Chief Rabi and Maceo have had an angry dispute and the latter was slightly wounded by the former. According to the reports they had to be separated by their friends in order to avoid more serious trouble.

Another report from official sources is to the effect that some of the other insurgent leaders are desirous of deposing Gomez from the position of general in chief of the insurgent forces on account of a circular which he recently issued ordering his followers to burn all property belonging to those who are not in sympathy with the cause of the insurgents.

Information given out from official sources is that the insurgents attacked the column of Major Zubia on the plantation of Natalia in the district of Saughe la Grande. The insurgents were routed and dispersed, leaving three dead. The troops lost one killed.

Volunteers were making a reconnaissance of a camp of the insurgents on the plantation of Maria Antonia in the district of Santa Domingo, and they took three armed prisoners.

A report given out here is to the effect that the insurgents attacked a detachment of troops on the plantation of Corazon Jesus. The garrison within was surrounded but made a brave defence and the insurgents were obliged to retire. It is stated that they lost approximately three dead and four wounded. Troops were dispatched to their assistance from Suaga.

Insurgents have attacked the village of Cumanayagua in the province of Santa Clara. Details of the attack are unknown.

General Suarez Valdes, stationed at Gibara, has been removed to the province of Santa Clara.

New Railroad Incorporated.

AKRON, O., Aug. 16.—Articles of incorporation for the Northern Ohio Railway company, which is to be the successor of the Pittsburgh, Akron and Western company, the control of the road which was recently purchased by Senator Brice, were filed yesterday in Columbus. The capital stock is to be \$4,260,000, and in the incorporators are Colonel A. L. Conger, Fred E. Smith, John Frank, Nelson C. Stone, John W. Holloway and W. P. Fulton, all of Akron. At a meeting held in Lima yesterday, H. T. Brice of that city was elected president, Colonel A. L. Conger, vice president, and W. E. Hackendorn of Indianapolis, secretary.

Fair weather; variable winds.

Up in Scott County a few days ago a man killed his brother-in-law in a quarrel over a pocket-knife. Truly, what fools some mortals be!

In response to the Chicago Times-Herald's request for a definition of "sound money" the Sioux City Tribune submits the following: "A money that will not fall down when the Government lets go of it."

Who doubts that times are improving? The postal receipts show a great increase for the second quarter of the present calendar year over the second quarter of the calendar year 1894. The Postoffice Department is the best business barometer, and this is the largest increase on record since the department was established.

With corn which must be gathered by the aid of step ladders and tobacco that promises to surpass all former crops, the farmers of this State can afford to laugh at the calamity howls raised by the Populists.—Maysville Ledger.

And so the Ledger has retired from business as a calamity howler! And under a Democratic administration, at that! Well! Well!!

The Philadelphia Ledger (Ind. Rep.) remarks that "it was recognized at the time, as it is now, that the repeal of the purchasing clause of the Sherman law a year ago was a serious blow to free silver. The act of repeal and the syndicate bond sale were both due to the foresight and persistency of the President, who, in accomplishing them, responded to the intelligence and wishes of the entire community of business."

A VERY remarkable indication of returning prosperity is found in the abstract of the official reports of the State banks of Michigan, at the close of business on the 11th of July, which showed an increase of \$1,114,847 in savings deposits since the report on May 27th. This indicates that instead of drawing upon the banks for subsistence, as they were obliged to do during the business depression, the tide has turned the other way, and the working people are now laying up money.

HARVEY "Coin," in his debate at Chicago, dwelt largely upon the proposition that if the mints of this country were opened to the free coinage of silver that metal would appreciate in the market. Under the Sherman act the mints were practically open to the free coinage of silver. That is, the Government purchased four and a half million ounces a month, and stored it, which was just that much more than the circulation would absorb, and yet the price of silver steadily declined. Harvey's theories and the facts, as demonstrated by actual experience, do not seem to coincide, remarks the Hunterdon (N. J.) Democrat.

BUSINESS IS FINE.

SPRINGFIELD, July 30.—The harvesting firm of Warder, Bushnell & Glessner, of which General Bushnell is the head, recently built a large addition to their immense factory, employing one thousand men. To-day the firm announces that another large addition, three stories high, will be built. A remarkable boom in business is the cause.

And yet the Wilson bill was to ruin the country. How will the Republican candidate for Governor explain the present boom? Inquires the Western Union Defender. In the face of the superb results being attained under the Wilson bill, can he advocate a return to McKinleyism? Will the thousands of workmen whose wages were reduced under the McKinley bill and increased under the Wilson tariff vote for any man who advocates a return to a tariff which was the direct cause of the recent business panic? Hardly!

MRS. MARY E. SMITH.

A Native of Mason County Passes
Away at Her Home in
Missouri.

[Stewartsville (Mo.) News.]

Mrs. Mary E. Smith, aged 73 years, died at the home of her son, J. D. Smith, in this place Thursday, August 1, 1895. The deceased was born in Mason County, Ky., June 10, 1822, and was united in marriage to M. C. Smith who preceded her to the land of perpetual rest the 15th of January last. Mrs. Smith was held in high esteem by all, and especially by those who had known her so many years. She united with the Methodist Church, South, when a young lady and ever thereafter led a consistent and devoted life. For more than four years she had been confined closely to her home on account of failing health; the greater part of these years she was confined to her bed, and through all she patiently waited for her appointed time to depart and be at rest. The last few weeks of her life were extremely painful which she endured with that christian fortitude which had attended her through her long christian pilgrimage. Death came to her release a welcome friend; she was prepared to go.

The funeral services were held Friday at Unity Church, conducted by Rev. J. H. Hagar of Osborn. A large number of friends attended these services and followed the remains to the city cemetery where they were laid to rest.

Deceased was a daughter of Robert Killgore, a pioneer settler of Mason County, was a niece of Governor Joseph Desha and was widely known in this county. She leaves a number of relatives in this and Bracken County, among them Hon. R. K. Smith, the well-known attorney of Brooksville, who is her son.

LINDSAY DECLINES IT.

Will Not Accept the Vacant Chair of
Judge Jackson.

FRANKFORT, Ky., August 12.—Senator Lindsay will not accept the vacancy on the Supreme Court Bench caused by the death of Justice Howell E. Jackson if President Cleveland should tender it to him.

The reason assigned for this is that from a financial standpoint Senator Lindsay could not afford to accept a place where his expenses would be necessarily increased and his income diminished at the same time. Senator Lindsay, in addition to his salary as Senator, keeps up one of the most lucrative law practices in the State.

His annual income from his law practice alone is estimated at \$15,000 per annum, and he is laying aside a certain portion each year for his old age, not being a rich man. Others, however, construe this action in a different way. Lindsay is the only sound money Senator from Kentucky, and was elected for the long term, and were Cleveland to appoint him to the bench the Senatorial chair would be vacant.]

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Twelve.

Mrs. Matilda Craig, who lives near Sand Hill, Lewis Co., Ky., is the oldest child of a family of a dozen children.

Her mother was the youngest child of a dozen children.

Mrs. Craig is the mother of a dozen children, and all three of these families had a pair of twins.

Mrs. Craig was born May 3rd, 1823, in Bath County, and if she lives to see the 3rd of May next she will have been married fifty years.

Her children and grandchildren and one great-grandchild have made arrangements to hold a reunion at the old homestead on this fiftieth anniversary day, or golden wedding of their parents, and the event is looked forward to with pleasure and delight.

A number of ministers who have officiated at the marriage of the children have accepted invitations to be present, and prayers, and songs, and reminiscences, and tears and joy will be mingled together.

Uncle David Craig, the husband of this remarkable woman, is hale and hearty, and although his hair and whiskers are as white as snow, assures us that he will be there when the roll is called. T. P. D.

IT WILL CHARM ANY WOMAN

To see our gathering of choice things for summer wear. It will surprise the thriftiest among them how absurdly small many of the prices are.

White Parasols. French Challies.

You have two months to use them still and you will be equipped for next summer at one-half the price it will cost you then.

Silkene, English frame, white enameled stick, very chic, 98 cents.

Unruffled Silk, close weave, handsome quality, white enameled stick, \$1.25.

Finest grade China Silk, ruffled edge, close ribbed, beautifully enameled stick, \$1.50.

Not because they are shop worn or bad design, but because we don't want the season to go before they do. Nothing prettier for dainty house gowns this winter, attractive tea gowns or well-wearing school frocks, and the price is purse-pleasing at 25 cents. These goods are genuine all wool French Challies, the kind that sell for 50 and 75 cents. They are certainly well worth your attention if you are a wise woman. Are you?

Placket Fastener.

Have you ever seen a yawning placket? Is it pretty? Is it neat? Avoid such exposures of carelessness by investing 10 cents in a fastener. It can be adjusted in five minutes.

"THE SPIDERS."

The Cleveland League Team Wants to Play Here Next Monday. Base Ball Gossip.

Spiders, the Cleveland League team of ball tossers, want to play the Maysvilles next Monday. They wired last evening to that effect.

The Clevelanders are now in the lead in the big League contest, and stand a fine show for winning the pennant. They play at Cincinnati Sunday, and have an open date which they wish to fill in here.

The Spiders played here last fall, the game resulting in a 2-3 score in their favor. If they come again next Monday Maysville's crack club will try hard to add another League scalp to their belt.

CLEVELANDS NOT COMING.

Since the above was written a telegram was received from the Clevelanders saying they could not come, having made other arrangements.

However, there will be games here next Monday and Tuesday with the Huntington. The Maysvilles and Huntington have played four games so far this season and have broke even. The West Virginia nine put up a fine article of ball, and it is to be hoped the games Monday and Tuesday will be better attended than this week's games were.

The Maysvilles went to Ironton this morning for two games. Little Johnny Dunn, their Mascot, accompanied them.

Ashland News: "Maysville's late playing is of a quality that is rarely found outside of the big league. Better wages are put up on many a league team for playing of less merit."

The Commercial Gazette says "Fatty" Hempleman of the Manhattans made a home run in the last game here. Not much. Fatty would never have reached third, if Van had not let the crowd rattle him.

Enquirer: "The Maysville team has a short stop that would shine in any company. Johnny Heilman, a Cincinnati boy, who plays short for the Kentucky team, is another Germany Smith or a Herman Long in fielding that position."

Aberdeen Journal: "If President Nick Young, of the big base ball league, wants to redeem the reputation of that great organization, he had better call a meeting of the directors and select nine of the best players in the twelve club league, and send them to Maysville to battle for the lost honors, for it seems as though the Cincinnati Reds or the Washington team can't beat them."

Louisville Courier-Journal: "All Maysville has gone daft over their great base ball team, and business is almost entirely suspended in the little river city on the afternoons set apart for the contests. And there is cause for congratulations. Twice has defeat been administered to the Cincinnati League club, and now nothing is too good for the members of the home nine. They own the town."

The baseball editor of the Public Ledger has again demonstrated that he is of the "pin feather" stripe. The article in yesterday's issue charging that some of the team did not support Hilleary Wednesday because they were jealous of him was wholly uncalled for. Sutherland, Heilman, Tenley and Van Winkle were the only players who made errors. Tenley was in no condition to catch. Only one of the errors was of the inexcusable sort. Van Winkle made more hits than any other player, Heilman scored three of the seven runs, and Sutherland put up a splendid game from start to finish. True, Hilleary deserved better support, but as a member of the Washington League team remarked "No club can play gilt-edge ball every day." The Ledger owes an apology to the Maysvilles for its uncalled-for attack.

The Floral Hall.

Yes, it's going to be a grand success, a thing of beauty. Why? Because the business men, and the business women, too, of Maysville, have taken hold of the matter and are going to display their best goods at the fair next week. All the large spaces have already been taken for that purpose.

Mrs. Jennie O. Clarke, the assistant Superintendent, whose artistic taste is well known, will supervise the hanging of pictures and arranging the displays.

It is the determination of the management to make this the banner floral hall of the State.

AUGUSTA Chronicle: "The directors and officers of the Maysville fair are determined to make the exhibition next week a record-breaker. They are sparing neither time nor money to attain this end. They are paying particular attention to the Floral Hall, and the ladies can rest assured that it will repay them to visit the Floral Hall and see it in all of its beauty."

DEATH OF H. L. WILSON.

Sad End of a Once Bright Young Lawyer of This City—Funeral To-morrow.

Mr. H. L. Wilson died yesterday morning at the Lexington asylum, of which he had been an inmate for about three years. Deceased was a son of Mr. Herbert Wilson who lives opposite Manchester, and was about forty-three years of age. He was educated at Bethany College, of Bethany, W. Va., and the Transylvania Law University of Lexington. About 1870 he located in Maysville, where he practiced law for several years. He was one of the bright young men at the Mason County bar, but finally quit the practice and returned to his home, assuming charge of his farm of 200 acres and the Manchester ferry of which he was owner.

A few years ago his mind began failing. The best of medical treatment was given him but all to no avail, and he was at last sent to the asylum where the rest of his days were spent.

Deceased was a member of Mason Lodge No. 342, F. and A. M., and also of Maysville Commandery No. 10, K. T., and he will be interred with Masonic honors. The remains were brought here from Lexington this morning, and will be taken to the family home near Manchester station on the steamer Silver Wave to-morrow at noon, where the funeral will occur at 3 p. m.

THE thirty-fifth Senatorial convention met at Morehead yesterday and unanimously nominated John M. Saulsbury, of Carter County, for Senator, and endorsed the Chicago platform. Saulsbury is a "sound-money" Democrat, but has not expressed himself for United States Senator. The district is composed of Fleming, Rowan, Carter, Menifee and Bath counties.

CONGRESSMAN MCCREARY is satisfied with the outlook for Democracy in Kentucky. He believes that the Democrats are rapidly falling into line, and confidently expects to see every Democrat turn out and vote on election. Good crops, better prices and the satisfactory settlement of factional differences all tend, in his opinion, to good spirits and harmony.

THE Bracken Association of Baptists at its recent session in Millersburg elected the following officers for ensuing year: W. LaRue Thomas, of Maysville, Moderator; J. W. Hedden, Clerk, and W. H. Fritts, of Carlisle, Treasurer. The plans for missionary work were broadened and a perfect system will be adopted by a committee appointed specially for that purpose. The association adjourned to convene with the Mt. Pisgah Church, August, 1896. The Bracken Board was organized with Mr. Charles Bolinger, of Lewisburg, Chairman; W. H. Fritts, Secretary, and Rev. Cleon Keys, Financial Agent.

THE Art Department promises to be one of the best features of the Cotton States and International Exposition. Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

An Unprecedented Condition.

The South has raised the largest corn crop in its history, and the largest fruit and vegetable crops; its cotton crop promises a fair yield, with a prospect for good prices; its industrial interests are almost without exception busy and prosperous; its furnaces are pushed to meet the demand for iron at profitable figures; its coal mines are turning out a larger product than ever before; its textile industries are developing at an amazing rate, and all other industries are busy, while capital and population are tending southward from every section. Such a combination never existed before in the South's history. Now is the time for every place in the south to work to get the great benefits out of this unprecedented condition of affairs. This can be accomplished by advertising in the Manufacturers Record if you want to reach the manufacturers and capitalists of the country, and by advertising in the Southern States Magazine if you want to reach land buyers, prospective settlers from the North and West, real estate operators, colonization agents and companies and fruit growers of the North and West.

Will Live on Ham and Eggs and Custard Pie.

(Winchester Democrat.)

A prominent South Maple street resident can luxuriate on custard pie every day of the week if he has a mind to. He purchases his eggs from a country friend who was a pronounced Blackburn man in the recent Senatorial race. The town man was equally as enthusiastic in support of McCreary, and their argument became so warm that they made the following wager. If Blackburn won the town man was to pay double the market price for his eggs for a year; if McCreary was successful he was to receive his eggs free for one year. The result is known, and ham and eggs and custard pie promise to be two standard dishes up to that end of town for the next twelve months.

Up Go Wages.

IRON MOUNTAIN, MICH., Aug. 9.—The Pennsylvania Iron Mining Company, operating the East Vulcan, West Vulcan and Currie mines at Norway, announced a 10 and 25 per cent. increase in wages, taking effect the first of August. The Iron Company has also raised the wages in the same ratio.

The earnings of the Louisville and Nashville for the year ending June 30 were: Gross, \$19,275,994; increase, \$301,657; operating expenses, \$12,277,773; increase, \$413,988; net, \$6,998,221; decrease, \$112,331; total income, \$1,778,530; increase, \$61,226; surplus, \$700,585; decrease, \$851,906.

The Big Sandy News cannot refrain from noting that some of the people who were fed and partly clothed during the past two or three winters by the charitable people of Louisa were among the most liberal patrons of the Flying Dutchman while at that place a few days ago.

ONE PHASE OF REPUBLICANISM.

And It Is Not Very Pleasant to a Great Many People.

[Louisville Times.]

History is addicted to repeating itself, and what the Republicans did in New York, when they came into full control of the State Government last January, they are pretty sure to do in Kentucky next year, if they should be put into full control of our State Government next January. Here is the first section of a Republican act that became law in the first named State on June 15, 1895:

That all persons within the jurisdiction of this State shall be entitled to the full and equal accommodations, advantages, facilities and privileges of inns, restaurants, hotels, eating-houses, bath-houses, barber shops, theaters, music halls, public conveyances on land and water, and all other places of public accommodation or amusement, subject only to the conditions and limitations established by law and applied alike to all citizens.

In other words, the Republican party in New York enforces by adequate pains and penalties complete equality in all public places between the Anglo-Saxon and the African. Moreover, there are not enough horses or traction engines in Kentucky to draw out of Republican Candidate Bradley a single word of dissent from this position of his party in the Empire State of the Union.

The Times fails to state that leading Republican journals in New York say the new law is wrong, but that would not prevent g. o. p. politicians in other States from trying to enact similar laws if they once had the power.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

DR. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

FOR EACH DOLLAR INVESTED can be made by our.....

\$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our trading fully. Highest references in regard to our standing and success.
